- ✓ **Director/Manager**
GOLDEN ANDHRA COMPUTER TRAINING ACADEMY, ONLINE SERVICES AND SALES.
From June 2014 to May 2016.

PROJECT 1: CHIT FUND MAINTENANCE

The “Chit Fund Maintenance” is used to maintain the chit fund details in an effective manner. The chit fund details are designed using Visual Basic as front end and Ms-access as back end. The chit fund project contains details about the chit fund application form, auction details, chit details, intimation card and payment receipt details.

ADVANTAGES:

The backend MS-ACCESS is a user-friendly database using this we can retrieve the database easily.

- ❖ Flexible, powerful compared to other server pages.
- ❖ Built-in-database interfacing elements and hence no extra modules and reserved.

PROJECT 2: Exploiting the Human-Machine Gap in Image Recognition for Designing CAPTCHAs

Team Size: 2

Description: We explore the use of systematic image distortion in designing CAPTCHAs. We compare human and machine recognizability of images under distortion based on extensive user studies and image matching algorithms respectively.

STRENGTHS:

- Self-Confident and Strong communication skills.
- Have Strong Motivation and inherent liking for hard work.
- Smart, Innovative and willing to learn New Technologies.
- Have high observing ability and good analytical and programming skills.

ACHIEVEMENTS:

- Participated in State Level Chess Championship.
- Won District level 3rd in Chess Championship.
- Played Kabaddi and Won many Prices.
- Won Awards for Excellence in Theatrical arts many times.
- Participated in more than 20 Elocution competitions and mostly won 1st prize.
